

# **CEMA B IDLERS - 2400 SERIES**

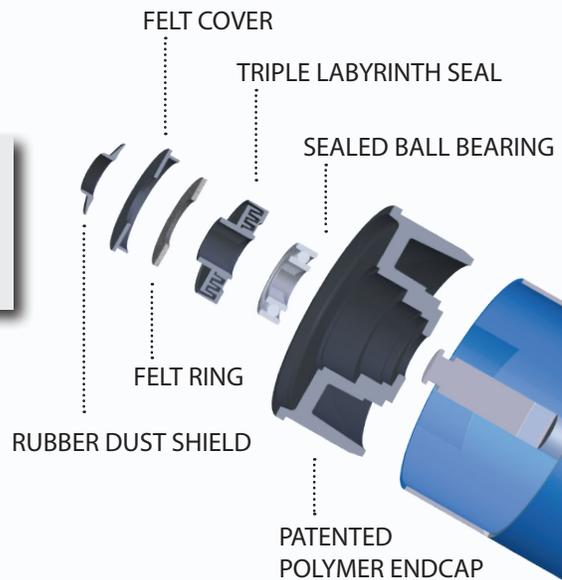

**Luff Industries' patented polymer endcap design offers the ultimate in strength, durability and sealing performance.**

- Available in 4" and 5" diameters
- Entire shell is dipped before assembly to prevent corrosion from inside
- Idler assemblies meet all CEMA standard dimensions
- Rollers are built with a 20mm shaft and bearing, instead of the 17mm industry standard
- Very low roller runout (TIR)

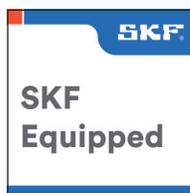

## **Full 2 Year Warranty**

Polymer endcaps provide an improved sealing arrangement, protecting the bearing from various environmental contaminants including dust and moisture.
