

CLEAN WEAVE

***After running this roll you can confidently say
“Weaved cleaned” your belt.***

The Clean Weave Return Roll is comprised of polyurethane discs which offer abrasion resistance and wear life at least 5X longer than steel or rubber rolls.

- Engineered with 90 durometer discs designed with a self-cleaning spiral surface to prevent any material build-up between the discs or on the belt.
- This specially formulated material is resistant to rust and corrosion

- The spiral design cleans the bottom side of the conveyor belt through an augering action.
- The spiral design ensures the roll discs always contact the belt in a new area increasing the cleaning action.
